**Topic: Up scaling the amaranth Growth
in Kitui County among the sick**

Abstract

- ▶ Catholic Diocese of Kitui is working with groups of people for example people living with HIV/AIDS, disabled people and students on up scaling the Amaranth technology.
- ▶ The participants were sensitized on the nutritional value and how to earn income and also to prepare and use amaranth products.

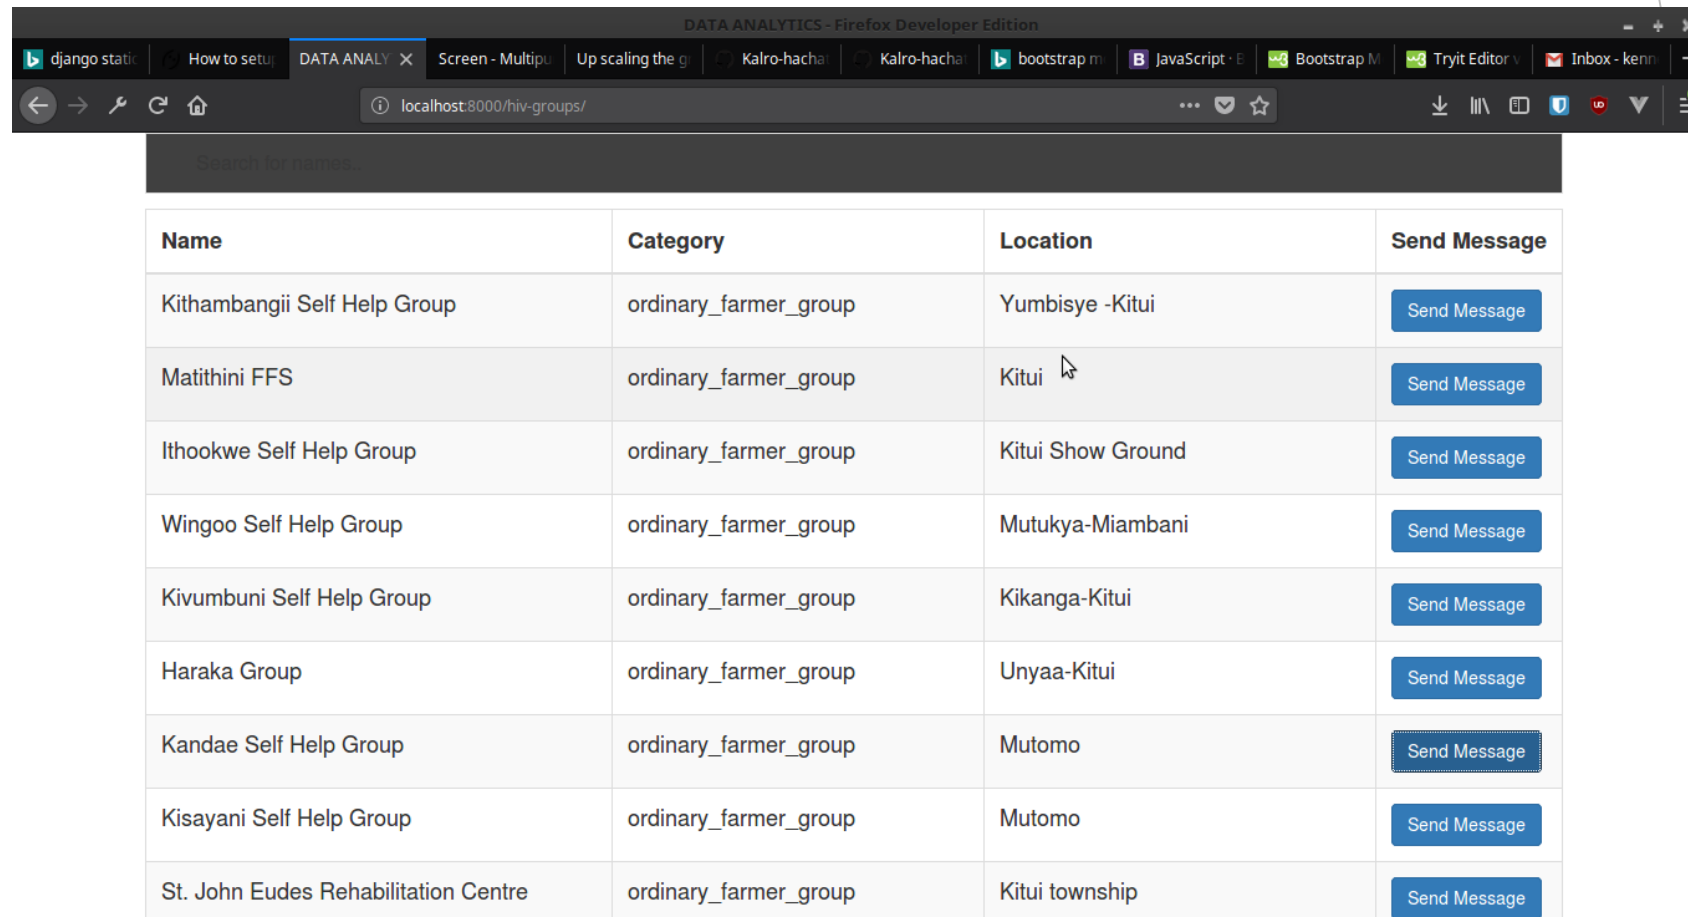

Introduction

- ▶ From the abstract, an idea stroke of using technology as a tool of improving the growth of amaranth among the sick in Kitui County
- ▶ We are seeking to connect the amaranth administrators through the church to the different personnel growing the amaranth grains

Objectives

- ▶ To connect the amaranth extension officers to the farmers in Kitui County
- ▶ To enable the officers educate farmers on the best way to grow the amaranth grain like advising them on the optimal temperatures, right time for necessary activities like pruning
- ▶ To enable farmers to report on the progress of their activities

Design

The screenshot shows a web browser window with the following tabs: 'django static', 'How to setu', 'DATA ANALY X', 'Screen - Multipu', 'Up scaling the g', 'Kalro-hacha', 'Kalro-hacha', 'bootstrap m', 'JavaScript - B', 'Bootstrap M', 'Tryit Editor v', and 'Inbox - kenn'. The address bar shows 'localhost:8000/hiv-groups/'. Below the browser window is a search bar with the placeholder text 'Search for names...'. The main content is a table with four columns: 'Name', 'Category', 'Location', and 'Send Message'. The table contains ten rows of data, each with a 'Send Message' button.

Name	Category	Location	Send Message
Kithambangii Self Help Group	ordinary_farmer_group	Yumbisye -Kitui	Send Message

Kivumbuni Self Help Group	ordinary_farmer_group	Kikanga-Kitui	Send Message
Haraka Group	ordinary_farmer_group	Unyaa-Kitui	Send Message
Kandae Self Help Group	ordinary_farmer_group	Mutomo	Send Message
Kisayani Self Help Group	ordinary_farmer_group	Mutomo	Send Message
St. John Eudes Rehabilitation Centre	ordinary_farmer_group	Kitui township	Send Message

Application

- ▶ Can be used by Kalro researchers to keep them up to date with the progress in the field
- ▶ Can be used by extension officers in educating farmers on best farming practices
- ▶ Can be used by NGOs and churches to improve the livelihoods of small-size social groups through agriculture
